

Hawkeye Downs **Challenge** Form

Info for challenged vehicle: _____ **DATE:** _____

Car # _____ **Division** _____

Item being challenged: _____

Passed _____ **DQ'd** _____

1. Most items on a competitor's car can be challenged by another owner or driver from the same division of the challenged driver.
2. The owner/driver member must submit one of these forms to the head tech at Hawkeye Downs **at least 5 minutes BEFORE the Feature** for the division of the challenged driver.
3. The owner/driver must also submit the appropriate cash payment for the item being challenged, with this form. **(1/2 of the fee(s) will go to Hawkeye Downs "Points Fund" regardless who wins the challenge.) (a \$50 Max HD fee per challenge)**
4. More than one item can be challenged at a time, but each item being challenged must have separate challenge form & cash payment.
5. The challenged driver will be notified of the challenge(s) against them once lined up in the staging lanes for their feature.
6. The challenged driver then has (1) of (2) options:
 - They may immediately leave staging & return to the pits before the feature starts & will lose all points & earnings for that race.
 - Or they can compete in the feature, but must report directly to the tech barn to be teched like everyone else that night, along with the challenged item(s).
7. If the challenged driver declines to race or is DQ'd after the race, 1/2 of the challenge fee will be returned to the owner/driver who submitted the fee & form, **UNLESS THE CHALLENGER'S(OWNER/DRIVER) CAR ALSO FAILS INSPECTION! AT WHICH TIME ALL MONEY WILL GO INTO THE "HD POINTS FUND"**
8. If the challenged driver is found to be legal, then they will receive 1/2 of the submitted challenge fees.
9. The challenging owner/driver's car will also be inspected.
10. A driver can only be DQ'd for (1) item per event.
11. Any Illegal item(s) will be confiscated by Hawkeye Downs!
12. A DQ'd car must pass tech before being allowed back onto the track.
